## Second Major Glades Ramie Operation Is Infused With New Money And Purposes

Kenaf Operation Folds Out In Full And Day Dewatering For Ramie In Glades

One Glades real estate man frankly admits that the "Yankee With the Black Bag" has contributed greatly to bringing the Glades fast along its path of progress — the contents of the "black bag," coupled with Nature's soil and climate makes the Glades an irrefutable paradise of agriculture. See, the U. S. Sugar Corporation, Brown's Farm and Hillsboro Plantation, Newport, Okla. Sugar Plantation, the American Kenaf and Ramie Corporation, Indian Trail Ranch and many others with questions of lesser investments.

A. L. Gutierrez, plunged headlong into ramie production in '51 only to be side-tracked by jobs he got started, on a dream of continental supply of a jute substitute — Kenaf.

The will of bureaucratic red tape, special interest and foreign jealousies, AND NOT ONE CENT OF GOVERNMENT FINANCES, as in other similar operations, quickly deflated the "black-bag" and caused creditors to run a red line thru items in "accounts receivable."

Mr. Gutierrez took a licking on Kenaf and let Colonel Soriano, a big fish in the Philippines, take over the operation. He has a great job. Too much Kenaf with near-sighted, elastic-minded and pliable connections, bureaucratic interpreting, administering and abrogating intentions of Congress under the provisions of the Trusteeship and civil service decrees, got the Colonel too.

Wednesday morning, Mr. Gutierrez, as President of the rejuvenated organization, pledged to ramie and cattle, spread joy in the Glades and other South Florida points in the form of "checks in full" to creditors of the American Kenaf Fiber Corporation.

The new organization is known as Palm Beach Ramie, Inc., and is composed of some very substantial financial groups.

Now comes Mr. Gutierrez with a fresh bunch of westerners of the "black bag" to pay off in full all creditors with enough left to go ahead with a sizable ramie operation, as first planned, and to add to the sum total of cattle in the Glades. Rumors are rife, and not from Mr. Gutierrez, about a nationally known dairy organization, established in cattle and dairy products as a part of the operation.

Anyhow, the creditors are satisfied. More Kelly, the firm's engineer and Herman Close, Field Superintendent are busy plowing land and setting out to plant as many hundred acres of ramie as the season will allow.

The second cutting harvest of the current season on 380 acres is to commence shortly along with the planting now in progress.

Mr. Gutierrez, as enthusiastic in the new organization as in his original venture, said, "From the first when I had been sold on the much lands by the Resources Board in Palm Beach, I have had visions of a large agricultural operation to include fibers, cattle and other staple items, and now I am filled with my very modest hopes and associates with plans based on experience to follow thru with this idea."

"Though we were sidetracked in our efforts to cooperate with the Munitions Board in the (Continued on Page Four)

LOCAL MEN TO SPEND TWO WEEKS ON RESERVE DUTY AT CAMP RUCKER, ALA.

Local reserve members of the 318th Logistical Command with headquarters at West Palm Beach will spend summer field training with other reserve troops from the 3rd Army at Camp Rucker, Alabama from August 10 to the 22nd.

The following personnel from the Belle Glade area will participate: Major W. A. Wooten, Jr., S-3, Plans and Training Officer, Major E. M. Lively, Ordnance Officer, Lt. George Wedgworth, Special Services Officer, WO1 Junior T. Harris, Personnel Officer, Captain Benna Rodriguez, Medical Section, and others. The unit will function as the headquarters for some 1,000 officers and men from several states in the 3rd Army Area, Col. H. Bruce Jones of West Palm Beach commands the unit, and the personnel are from several communities of the county.

The organization is a part of the Active Reserve, and participates in weekly drills throughout the year besides the annual summer field training.

Logistical Commands are new units developed since World War 2, and have as their primary mission the coordination of supplying field armies. It is recognized that in any future war the problems of logistics will be one if not the principal handicap our country will have in winning a victory. Part of the unit will fly up Sunday morning with the balance going by train.

ORGANIZATION FOR KOREAN RELIEF FUND \$122.45

Collection for Korean relief at the local Hugo theatre was sponsored by a committee from the American Legion Auxiliary. Mrs. Homer Brooks, President, Mrs. George Toddler, Mrs. Effie Allen, Mrs. Nellie Thomas, Mrs. Sylvia Jones, Mrs. Louise Kitching, Mrs. Virginia Prescott, Mrs. Helen Johnson and Mrs. Henry Vaughn, Jr.

Total collection for Saturday and Sunday was \$72.62 from Hugo theatre and from Prince Theatre in Palatka which was sponsored by the Woman's Club \$59.83 making a total of \$122.45 for both theatres.

Not A Show — Not A Diversion — But Down-To-Earth Religion!

The Methodist Church has invited Alcoholics Anonymous to conduct a service Sunday morning at the church.

George Royal, as moderator, will present three well known rehabilitated persons of West Palm Beach — one a woman — whose devotion to the cause comes from benefits gained thru this organization.

Mike Murphy has assisted George in arranging the program.

You are invited to attend, with or without an active religious belief or association.

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

Signal Corps Replacement Training Center here.

In his basic combat training he received instruction in infantry tactics and weapons, and other army subjects designed to prepare the individual for his military duties. Signal Corps basic embodies all phases of training common to the army program.

The Signal Corps Training Center, of which the Signal Corps Replacement Training Center is a part, is the key source of the army's communications specialists. In five years, this center has mushroomed from a handful of buildings and a handful of personnel to the largest signal center in the United States Army.

Pvt. JAMES C. WALDEN, Camp Gordon, Ga. — Pvt. James C. Walden, son of Mr. and Mrs. M. C. Walden, Belle Glade, Florida, has completed basic combat training at the

REGISTRAR UPSTROKE COMPLIMENTS EFFORTS TO SECURE 100% VOTE

DeWitt Upstroke, County Registrar, complimented local organizations for efforts to get out the vote; while he was telling the Lions Wednesday that 232 registrants did not vote in the last City election.

Palm Beach County saw practically 100% of the 100 registered voters exercise their franchise on election day in 1950 at the County's first election.

In 1952 primary with 48,779 registered and 10,759 voted, while in the general election 54,943 registered only 43,121 actually voted.

The total registration in the Glades today is 5,590, more than a majority of the counties in Florida.

"L. C." Young Dies Suddenly While At Work With Legion

Popularly known as "L. C." and a resident of the Glades since his return from France as a medical aid man with the Armed Forces, L. C. Young, aged 41 died suddenly Tuesday afternoon at approximately 2:30 p.m., while busy with a helper on his job as Steward for the Legion Club.

Dr. S. J. Simmons asked him, the Fire Department to join him, the rescuer when he was called, but despite immediate response the heart attack had proven almost immediately fatal. It was disclosed upon examination.

Mr. Young's father, J. M. and two brothers, came to Belle Glade when contacted by Commander J. B. Jones of the Legion, and have shipped the body to Andalusia, Ala. for burial, where his mother, Mrs. Mattie Young and 13-year-old son, Michael reside. Another son, Johnny Lee, aged seven lives with his mother in Ft. Lauderdale.

Mr. Young's many friends, especially among the Legion Club members and other service men had hoped some funeral service would be held in the Glades, but the aged father and brothers announced that family relations of three states would gather at Andalusia to pay last respects.

THREE ON INDUCTIO CALL FOR AUGUST

On August 12, 1953 the following registrants have been ordered to report for induction to the Local Board at 9:45 a.m. Dale Leroy Norman and Herbert Collins, Jr., who will go as volunteers; also Charlie McLendon.

## Two Sales Weekly At Local Market Beginning Aug. 13

1048 Head Disposed Of At Monday's Sale With Sloughers Taking 61%

Beginning next Thursday, August 13th at 1:00 p.m. the first of a bi-weekly sales program will be instituted at the Glades Livestock Market.

Among the factors bringing this about is the fact that packers buyers need fat cattle the last of the week.

The sale on Monday is: 21 Bulls; 582 Steers; 211 Cows; 166 Calves; 39 Yearlings; 47 Heifers.

Sloughers: Steers and Heifers — Com. 15.00-16.50; Utl. 10.25-13.75; Cows — 12.50-14.25; Calves — Com. 13.75-14.25; Utl. 11.75-13.50; Calf. 7.50-10.75.

Cows — Utl. 10.00-11.50; Calf. 8.50-10.50; Steers — Com. 5.75-8.00.

Bulls — Calf. 8.75-12.75. Steers — Com. 10.00-12.25; Heifers — Med. 13.25; Com. 10.00-12.00; Inf. 8.25; Cows — Med. 11.00; Com. 9.00-10.25.

APPLIANCE DEALERS TALK OVER WRITING PROBLEMS

Local contractors and electrical appliance dealers in the Belle Glade area attended a dinner meeting Tuesday night at the Legion Club when they discussed the problems of adequate house wiring.

Attending were: N. B. Willis, C. E. Crickfield, A. O. Lettingwell, A. J. Richmond, Benny Richmond, W. E. Collins, Douglas Collins, George Hrusky, John Pickett, Ray Rigerstall, Garlon Berryhill, Jack Royal, Jim Bech Archer, Jack Howell, Reese Williams, Boyd Mathis, Mrs. Lottie Pierce, Miss Jane Reynolds, R. D. Hill, Curtis A. Chase, Lloyd Clanton, and Claude Smith.

Claude Smith, Florida Power and Light Company's Director of Development, demonstrated the effect on appliance operation of inadequate house wiring. He stated that the wiring of many homes built five years ago is not adequate for proper and efficient operation of new appliances being installed. The home owner has continued to install appliances, which were not in use five years ago, noting in the wiring of house wiring not designed for this new equipment.

An example of the increased use of electricity is shown by a comparison of electricity used by the residential customer. In 1951 the average residential use of electricity in the nation was 3,000 KWH per year as compared to about 800 KWH per year ten years ago. During 1952 the average electricity use per residential customer exceeded 3,200 KWH.

FLOYD RIDER RESIDENT MANAGER OF G-BAR-S

Mac Gache owner of the G-Bar-S Ranch announces that Floyd Rider is now acting as resident manager of the ranch. Mr. Rider has been assistant manager to Howard Walton who has resigned.

The G-Bar-S Ranch is located near Six Mile Bridge and in addition to cattle operations handles the regular hay and cow-calf program.

Mr. and Mrs. Rider and three boys, Frank, Stephen and Michael, are presently in the Florida, Ohio and have been living in Belle Glade for the past two years, at their home at 148 S. 5th St.

ALL CANDIDATES MAY FILE SWORN APPLICATION IN THE OFFICE OF THE CITY CLERK UNTIL AUGUST 28 AT 4:30 P.M.

According to Frank Anderson, City Clerk, Z. T. Ingram has filed from Central for the office of City Commissioner. So far three candidates have filed for the office which will be voted on in the General Election to be held at the City Hall on September 15.

Mr. and Mrs. John Bass of Chosen-then his nephew, Seaman Z. T. Ingram, Jr. Bass has arrived in Yokohama, Japan on the USS Logan Troop Transport.

Seaman Bass has been in the navy over a year and completed high school in Belle Glade.

## St. Lucie Outflow Needed To Maintain Lake Level Within Safe Boundaries

Water Table Outside Famed Area Generally Below Ground—Says Engineer

The news that the Jacksonville office of the U. S. Engineers had set August 3rd for the time to open the Caloosahatchee River locks for the purpose of regulating and lowering the level of Lake Okechobee is indicative with too much dependence put in only the Caloosahatchee.

The too bright a picture is built up thru the information gained, for serious danger of a continuing rise in the Lake level is indicated with too much dependence put in only the Caloosahatchee.

Since this story was written word has come down from Jax that the engineers are confident of the situation. St. Lucie has been partially opened, and will be fully opened by the time you read this.

An attempt will be made to lower the Lake to 13.5 and keep it there as threat demands.

Engineers report that there is a total of 7,000 cubic feet per second outflow around the Lake, with the Kissimmee, Fish Creek, Harney Pond and other inflowing creeks, creeks and rivers contributing.

The maximum outflow of the Caloosahatchee is 2,500 c. feet per second, so that any rainfall absorption, less the 2,500 c. feet per second outflow of Caloosahatchee, will add to the Lake level. Engineering authority states that each day of any week will bring a half to one inch.

The rapidly opening the St. Lucie, which has an outflow of 7,500 c. feet per second.

But, the Lake water irritates the disposition of the water, with the Kissimmee, Fish Creek, Harney Pond and other inflowing creeks, creeks and rivers contributing.

The maximum outflow of the Caloosahatchee is 2,500 c. feet per second, so that any rainfall absorption, less the 2,500 c. feet per second outflow of Caloosahatchee, will add to the Lake level. Engineering authority states that each day of any week will bring a half to one inch.

SOFT HEADED BISHOP  
MAY BE SOFT HEADED

There are probably seven thousand Communists, stationed in the United States, among the clergy, said Father John Clarence Petrie last week at the Rotary Club of Belle Glade.

"Only a few are out and out plotters against this country; the rest are gullible idealists who forget that the soft heart can lead him into trouble unless he is also a hard-headed realist."

Father Petrie does not believe Bishop Oxniam is a Communist but he says the bishop seemed willing to give him names to almost any movement that sounded as though it were for peace or against capitalism.

The speaker took a slap at Harvard College for retaining on its faculty a woman who refused to answer about a hundred questions asked her by the Senate Committee on Internal Security.

Father Petrie, who is the vicar of the St. John's congregation, Belle Glade, began his talk by explaining that the Fifth Amendment behind which so many Communists suspect hide was designed to prevent confessions being forced from defendants in criminal trials.

"Much as we despise those who abuse the law, Americans will never willingly give it up," Father Petrie closed his talk by saying he felt

that American fuzzy minded humanitarians were waking up to the true nature of the Communist conspiracy, and that no longer now is rather that we will surrender to our own brand of government control. We might get this without changing a word of the Constitution as it now stands, he stated. Father Petrie was introduced by Dr. R. T. Townsend.

## NEWS OF GLADES BOYS

(Continued from Page 1)  
son of Mr. and Mrs. J. L. Greer, who has been stationed in Alaska for the past three years is now reported transferred to Denver, Colo., at Lowry Field, where he has charge of the training in instructors in radar work. He has a charge of 360 men and his class includes 285 students.

Mrs. Greer and child accompanied him to the base.

Dade, Florida's most populous county, was created in 1836.

## NOTICE TO CONTRACTORS

Sealed bids will be received by the Everglades Fire Control District, at its office in Belle Glade, Florida, on August 12, 1953 at 10:00 A. M., for the construction of a Headquarters Building, and appurtenances, to be located on approximately five acres of land in the Northeast Quarter of Section 19, Township 43 South, Range 27 East, Palm Beach County, Florida. Alternate bids will be received as follows:

**ALTERNATE "A"** Semi-circular, corrugated aluminum building, with laminated wood arches, containing approximately 7300 square feet of floor space.

**ALTERNATE "B"** Masonry building, with twenty-year bonded roof, containing approximately 7300 square feet of floor space.

Bids must be made on the proposal form, furnished by the District, enclosed in a sealed envelope bearing the name and address of the bidder, and marked, "Bid for constructing a Headquarters Building for the Everglades Fire Control District, Belle Glade, Florida."

Bids must be accompanied by a certified check, drawn upon any State or National Bank in Florida, made payable to the State of Florida, in the amount of ten per cent of the amount of the bid, as a guarantee that the Contractor will enter into a written contract with the District to perform the Contract bid upon. The deposit will be retained by the District as liquidated damages in the event the successful bidder fails to enter into a contract. The deposits of unsuccessful bidders will be returned promptly, and the deposit of the successful bidder will be returned upon execution of the contract and required bond, and after delivery of insurance policies.

Blank proposal forms and copies of the plans and specifications may be obtained at the Office of the District in Belle Glade, Florida. A deposit of Twenty Dollars will be required for each set of plans and specifications. Fifteen Dollars of this amount will be refunded upon return of the plans and specifications in good condition within five days after the opening of bids. Additional plans may be had upon payment of printing costs.

The Everglades Fire Control District reserves the right to reject any or all bids, to waive technicalities, and the award, if made, will be to the lowest responsible bidder who qualifies.

Everglades Fire Control District, Belle Glade, Fla.

WATER COLOR OR TEMPERA PAINTINGS — 1st, Carolyn Markham; 2nd, Carolyn Markham; 3rd, Martha Davidson; honorable mention — Skipper Poole.

The Summer Recreation Program was sponsored by the Board of Public Instruction with facilities furnished by the City Recreation Department.

Registration books showed 394 children had participated in the program of activities with special events arranged each week to increase more interest. The special events were a pet

show, wheel parade, swimming, square dancing, field day, tournament and talent show.

Much credit is due the directors for their efforts and interest in making this program a success. Herbert Miller, who was in charge of activities for the boys; Mrs. Dorothy Jones in charge of physical activities for the girls every day except Thursdays, when she conducted a reading club at the Elementary school library; Mrs. Genevieve Dove taught arts and crafts each morning, and two afternoon each week showed movies in the city library as well as assisting with the younger children of school age. Mr. McDonald as usual was on the job, as well as carrying on her regular duties in every way possible for the work.

The annual tax sale was set for Tuesday, September 1 at the front door of the City Hall at 12 o'clock noon. Tax collections have been excellent as 1 x e s listed as delinquent amount to \$121.83 only and included but 7 property owners.

On motion by S. J. Fisher, water Commissioner, it was decided by a vote of 3 to 2 to concur in the order to reduce the meter debt on one family residences to \$75.00 instead of \$15.00.

An Ordinance was passed on prepriety in South Bay with definite boundaries giving negro residents a separate polling place from white residents. The vote was 3 to 2, F. W. Kelley, S. J. Fisher, J. L. Brown voting for, H. B. Walker, W. C. Brown against.

At the request of L. L. Dean the office of equipment manager was created and W. B. Walker appointed to oversee repairs and overhaul of all city equipment used in the various departments.

The Shell Pilling Station on the corner of Palm Beach County Road on U. S. Highway No. 27 is being opened under the management of Glad Marshall under the name of Palm View Service Station.

Mr. Marshall has been operating a Shell Station on Main St. in Belle Glade and is transferring to the South Bay location.

SOUTH BAY BRIDGE GETS NEW DRESS

The State Road Department has been engaged this week in repairing the railings and laying a double decking over the

show, wheel parade, swimming, square dancing, field day, tournament and talent show.

H. O. CARLTON LEAVES ON VACATION IN VA. H. O. (Cocky) Carlton left Wednesday for a ten day visit in Virginia Beach, Va., with relatives. He will attend the dedication of the new Virginia Beach Methodist Church of which his brother, Rev. Graham Carlton is the pastor. Rev. Carlton will be remembered as conducting the Sunday morning service at the Community Methodist Church some time ago.

According to Mr. Carlton this is his first visit to his home town since '49 and he will try to see most of his relatives, but he intends to return in time for city election.

Mrs. Carlton and children, Penny and Peggy, who are visiting her relatives in Edenton, North Carolina will accompany Mr. Carlton home.

PROCTOR ROEBUCK WEDS. CAPT. INGRAHAM GARNER. Mr. and Mrs. Roy Roebuck of Fairfield, N. C., announce the marriage of their daughter, Ollie Proctor Roebuck of West Palm Beach to Capt. Ingraham B. Garner, formerly of U. S. Army, S. C. at the Air Force Chapel in Orlando Tuesday, August 4, at 3:30 p.m.

The double ring ceremony was performed by Chaplain M. H. Mengel before an altar banked with bouquets of white gladioli with candelabra at either end.

The bride wore a street length dress of pale blue silk tulle with fitted bodice, full skirt and long train. Her veil was of white lace with a white orchid corsage.

Cut out roses of the all over lace attached to a blue band formed her head piece.

Mrs. Forrest Pearce of Oklawaha was the bride's matron of honor and wore a yellow shantung dress with white accessories and a corsage of orchids.

Major James Craze served as the groom's best man.

Miss Roebuck was accompanied by the law offices of Winters, Finkler, Cook and Tylander in West Palm Beach and was a resident of Belle Glade for years where she was secretary at the Oklawaha Sugar Mill and also Glades Appliance, making her home with Mrs. Ethel Furr.

The groom who was in Belle Glade last winter in the procurement division of the quartermaster corp of the U. S. Army is now in the office of the same division in Orlando.

Following the ceremony a reception was held. Attending from Belle Glade were Mrs. Ethel Furr and Miss Doris Hackney from West Palm Beach.

After a two weeks honeymoon trip to New Orleans, the couple will be at home in Orlando.

Ice cream, cake and punch were served to all present.

### GARNER ESCAPES SERIOUS INJURY IN CAR ACCIDENT

R. R. Garner of South Bay had a narrow escape from serious injury early Sunday morning as he was enroute to Clewiston. He was travelling on SR No. 90 between Lake Harbor and Clewiston when a huge bird, which he identifies as probably an owl, struck his windshield completely obstructing his view. He lost control of the car and went into the ditch. He was knocked unconscious and believes he was thrown from the car as passing motorists found him lying on the bank of the ditch and rushed him to the Clewiston Hospital where he remained until Monday. The accident happened about 5 a.m.

### M. J. HARDY'S RETURN FROM EUROPEAN TOUR

Mr. and Mrs. M. J. Hardy have returned from an extended tour of the British Isles and Europe. They visited their son and daughter-in-law, Cpl. and Mrs. Ray Hardy in Oxford, England and were accompanied by them on a tour of the continent which embraced France, Germany, Austria, Lichtenstein and Switzerland. Returning to England they took a number of sightseeing trips to London and other points of interest and a side trip to Ireland.

They left here June 17 accompanied by Edwin Best, who visited his sisters in Nottingham, whom he had not seen in 43 years. They made the trip by air and returned home last week, leaving almost immediately to visit relatives in Bonny, Chisleham and Panama City for a couple of weeks.

### EFFECT OF OKEECHOBEE WATER ON STUART AND FT. MYERS FISH STUDIED

Coleman H. W. Schull, Jr., District Engineer of the Corps of Engineers, Jacksonville, Fla., announced today the closing of a contract with the University of Miami for a preliminary survey to determine the effects of releasing water from Lake Okechobee upon the marine life in the Stuart and Fort Myers areas. This work will be accomplished by the Marine Laboratory of the University, which has had great experience in work of this kind. The survey will consist of making a field reconnaissance

of the St. Lucie Canal, the Caloosahatchee River, and of the bays in the Stuart and Fort Myers areas. This field reconnaissance will be made for the purpose of selecting locations for water-observation stations and securing physical evidence on local conditions to determine the nature and extent of fishing and to delineate more precisely the effect of Lake Okechobee

discharges on marine life. Water samples obtained at the stations selected during the field reconnaissance will be studied to determine the oxygen content, turbidity, sediment, hardness, and organic material. Observations will be made before, after, and during the period when water is released from the lake.

Upon completion of the study,

which is expected to take about a year, the Marine Laboratory will submit its findings in a written report to the Jacksonville District Office.

### HOME-MADE ICE CREAM SERVED BENEFIT SOCIAL

Preparations are underway for an ice cream social to be given at the Methodist Church 187.748.

Sunday afternoon at 6:30, preceding the regular MYV meeting. The young people are making ice cream and home-made cookies to serve. The public is invited to attend, there will be no charge but a free will offering will be accepted. In 1870 the official United States census of Florida was given at the Methodist Church 187.748.

SHORT-CUT  
IN MAKING  
SILAGE

Here's a sturdy machine which provides a real short-cut in the making of corn or sorghum silage. In one power operation, the Case field forage harvester cuts the standing row crop, chops it into short, uniform lengths, and loads the chopped material into truck or wagon driven alongside or trailed behind. Also may be equipped with pick-up attachment for windrowed hay crops, green or dry. See us about it.
